*wedding & portrait*

*still life & product photography*

*digital collages*

*private & commission work*

**KELLY HOLINSHEAD**

*Photographer*

*Kelly Holinshead is a professional photographer native to Huntsville, and the shutterbug gallery showcases brilliant examples of her fine art, wedding & portrait photography. Aware of all relationships, her work moves from parent to child, man to woman & through organic to geometric. Each image, most captured locally, reveals the extraordinary in the ordinary — complimenting her unique photography is a selection of 3-dimensional works of art, each produced locally by some of the area's best-known & just emerging artists. Make time for an artistic stroll.*
